

UNIVERSITY OF OREGON

A Case Study: Implementing an Automated System for Processing Contracts in a Higher Education Institution

by:

Allie O'Connor and Catherine Susman

UNIVERSITY OF OREGON

Background

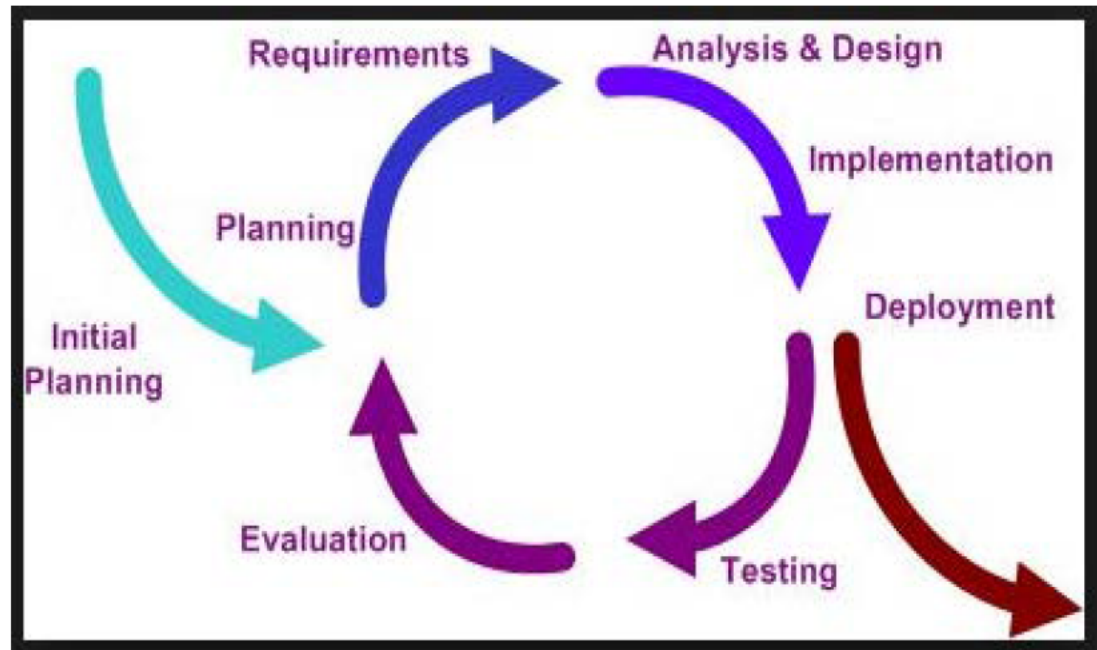

- PCS processes
 - Over 4,000 contracts
 - Over 2,000 purchase orders
 - Reviews tens of thousands of credit card transactions
- All tracked by use of Excel spreadsheets

Automation

- Regulatory Environment
 - FERPA
 - HIPAA
 - CALEA
 - Assess Maturity Level
 - Watson's prescription
 - Harnessing the Right Data & Analytics
- 

Testing

Corralling Campus

- As we begin testing and implementation phases, PCS will be dealing a number of unique challenges in encouraging campus to adopt this new system:
